A: Good morning, everyone. We are from 2A. I am Suki.

B: I am Jessica.

A: Today, we are going to talk about a story, “A Faithful Dog”.

B: Sam loves to travel and he is so  fond of forests.

To celebrate his son's second birthday, he decided to stay and enjoy the celebration in woods.

Last Friday, his family and friends reached the village near the woods and had their stay in a cottage.

A: The cottage was near a forest, where the guests can view animals walking in the nearby place. Sam's son saw a dog at the door and gave him a biscuit. The dog was happy and very soon the little boy and the dog became friends.

B: On the second day, they had a great birthday party in the woods. The dog did not leave the boy even for a minute and they both became close pals.

The next day, Sam, his wife and others decided to go for hunting in the forest and arranged a babysitter to take care of the little boy for half a day.

A: After 3 hours, all of them returned to the cottage and they seemed very tired. The dog saw Sam and others, it rushed to them and licked Sam's shoes. The cottage was open and nobody was there.

A large, light-brown cartoon dog is the central focus. It has a sad expression with drooping ears and a small red splatter near its mouth. The text is overlaid on the dog's body.

Sam's wife was shocked to see the blood stains in the dog's mouth and she shouted. What do you think will happen next?

B: All of them thought that the dog had killed Sam's little boy and started to beat the dog. The dog screamed in pain.

A small cartoon dog is in the bottom right corner. It is brown with a white patch on its chest and has a sad expression with a single tear on its face.

Sam hit the dog with his gun and it was wounded badly. Hearing the dog's screaming noise, the babysitter rushed to the entrance with Sam's son.

A: They were all speechless and asked what had happened to the dog and why there were blood stains in the dog's mouth?

B: The babysitter told them that the boy was about to get attacked by a wolf around the house, but luckily it was killed by the dog. She showed the dead wolf to them. They felt so bad and offered first aid to the wounded dog.

A: This story tells us that haste makes waste. Decisions made in hurry won't be helpful. We need to think carefully before making decisions. That's the end of our presentation. Thank you for listening.
